

HARKEN® LOKHEAD WINCH 500 KIT

This man-riding portable capstan winch is designed for confined space retrieval or for use with davit systems using an unlimited length of fibrous rope. The captive head allows the winch to be used safely, and keeps the rope from accidentally releasing. The LokHead can be used anywhere a load needs to be lifted and lowered. Rigged to a tripod, it can be used for confined-space rescue, for load moving/hauling, and man-riding. The Harken® LokHead Winch weighs 9.30 lbs (4.200 kg) and offers a 40:1 power ratio with 2 gears. The LokHead winch kit comes with winch, mounting plate, 10" winch handle, control lever, tripod adapter, anchor stop, connectors and a heavy duty carry case providing you with everything you need for a tripod set up.

Key Features:

Encapsulating jaw cover protects fingers and clothing from catching in the winch • Lightweight, weighing just 9.30 lbs (4.200 kg) • Can be incorporated into tripod design without significantly increasing the overall weight • Designed to work with rope 10 -12.7mm • Certified to EN13157:2009 (Machinery Directive harmonized standard) for lifting goods and equipment, as well as EN1496:2007 as a rescue lifting device.

Weight: 9.30 lbs (4.200 kg) – winch only

Working Load Limit: 500 kg (1102 lbs)

Sizing Info: 10 mm - 12.7 mm rope

Max Rope Size: 12.7 mm

HD26265

COMPLIANT CE EN 1496 EN 13157

Q: Is the LokHead winch certified?

A: The LokHead is certified to EN13157:2009 (Machinery Directive harmonized standard) for lifting goods and equipment, as well as EN1496:2007 as a rescue lifting device.

Q: Is the LokHead winch suitable for human suspension in rescue operations?

A: Yes. It conforms to EN1496.

Q: What is the maximum rated load (MRL)?

A: The maximum rated load (MRL) for the LokHead winch is 500 kg (1102.3 lb) for goods/equipment and 240 kg (529 lb) for rescue equipment.

Q: What is the maximum line operating length?

A: The LokHead winch is able to pull an infinite length of line. The end of the line does not need to be installed onto the drum.

Q: How do you attach the LokHead to a tripod?

A: The LokHead winch kit comes with a robust mounting plate, tripod adapter, winch handle, anchor strop and connector, providing you with everything you need for a tripod set up!
